

ANTI-ANT BAIT

Plastic shell with “push to activate” system containing a single unit with biocidal bait ready for use. It performs two operations, eliminating the ants and the ants’ nest. By means of its formulation, it attracts the ants that feed on the bait and carry it to the ants’ nest, amplifying its efficacy. For use in indoor and outdoor areas.

Shell material 100% recycled PP.

PRODUCT DATA SHEET	
Active substance	Imidacloprid
Countries	FR - DE - ES - IT - HU - PT - PL - GR
Effective against	Ants at all stages of the life cycle
Effective for up to	3 months
Expiry	2 years
Size	Shell Ø 80 mm (personalisable on request)
